

NCAC Outreach Report

August 16, 2025

In addition to the usual posts on Facebook pages (NCAC, Cambria Open Forum, and Cambria Currents) and Nextdoor announcing our monthly meeting, there were three additional posts in late July on the same Facebook pages and Nextdoor, all of which concerned the appeal of the proposed Sherwood Drive project, which has been discussed at length at previous NCAC meetings. Two of these additional posts were updates on the status of the appeal to the California Coastal Commission, and the third one was a sample letter to the Commission in support of the appeal. All the posts were written by Christina Galloway and Brian Glusovich, with introductory paragraphs written by me.

I received notifications from Nextdoor that the posts were viewed 4,800 times.

Respectfully submitted,

Karen Chrisman

Outreach Committee Chair
